THE ORIGIN OF "TURNCOAT."-It is said that the opprobrious epithet turncost, took its rise from one of the first Dukes of Savoy, whose dominions were open to the contending powers of both France and Spain. Being subjected to the frequent incursions of the rival powers, he was obliged to temporize and favor powers alternately, as they seemed to be able or not to injure him. There is on the Farm a good combitable house of a rooms, the main building a brick, having burned a year or so age and all necessary farm buildings, consisting of stables, from cribs, granary, smoke house, ouggy house, positive house and yard and two large tabacce tarms. A good parties of this land is in him grass. Emothy and clover and has a beautiful supply of never-failing water, well distributed in the different pastures and fields; and the whole is in a good state of cultivation. In short, it is a highly productive Farm, which the crops of grasses, grain and to bose to grown on it yearly attest. It is an inconstructivible fact that Washington comory lands have been selling syte to per cent, cheaper. an incontrivertible tack that Washington county lands have been selling at to to per cent, cheaper than lands of a like character in any other part of the State, and this has undoubtedly been due to the fact that the county has been without railroad facilities, until the past two years.
